You can use this macro to change the appearance of your documents. The macro makes it easy to change to the accessibility state. Backup Wizard is a simple utility that can help you backup your files, pictures, music, and so on. Backup Wizard has 3 modes to choose from: System backup: Backup your important files to a network folder

or a portable storage. Standard backup: Backup the selected folders to an image file, the disk, or a directory of an external storage device. Custom backup: Customize the backup settings by selecting a target location and adding files and folders to the backup. This tiny application was designed to list your running processes and make it easy to kill them. It works in both Windows and Linux. Running processes are displayed in a tree-like fashion, allowing you to choose the processes you want to

kill by simply clicking on the process you want to kill. This tiny application was designed to change your keyboard layout. To change the layout, simply click on the layout you prefer. At the bottom of the screen you will see a list of your currently used layouts. You can drag and drop any layout you like into the layout list. When you are done, simply click on the layout you want to use.

Q: How do I update my Win32 application with a Web Service? My C# Win32 application has a textbox and a

label that updates dynamically based on user input in a web service. To refresh the textbox and label, I use the following function:

```
private void updateTextBox() {  
    ServiceReference1.Service1Client  
client = new ServiceReference1.Se  
        rvice1Client();
```

```
    OperationContextScope scope =  
new OperationContextScope(client  
.InnerChannel); OperationContext.  
Current.OutgoingMessageHeaders.  
Add(OperationContext.Current.Inc  
        omingMessageHeaders.To); string  
        message =
```

```
Convert.ToString(textBox1.Text);  
client.addData(message, Operation  
Context.Current.IncomingMessage  
Headers.To); OperationContext.Cu  
rrent.OutgoingMessageHeaders.To.  
From = Message 81e310abfb
```
