The third chapter of the original Tarnished Prince universe, Tarnished Truth, is now available for the PlayStation 4 and Steam. Players will get an updated character concept for the player character (PC) and acquire powerful new weapons and magic in addition to the already-released new weapons and magic. Players can also enjoy the new online play feature, a unique asynchronous online element that can be experienced when there are other players in the game. Enjoy the thrill of discovering a vast new world and an epic drama of its own. ABOUT TARNISHED PRINCE: In the Lands Between, there lies the stronghold of the Tarnished Prince, a tyrannical personage working for the death god, Ammit. There lives a hero with the special power to wield the healing god Asclepius as a weapon, and all other living things have the power to wield Ammit's power. The Tarnished Prince is searching for the resting place of King Keflaj, the ruler who fought the death god, and to recover the long-lost gold treasure before him. It is said that many slaves, who were sacrificed to Ammit, became immortalized as gods and are now helping the Tarnished Prince. At this time, the player character (PC) is a character who is not related to either the Tarnished Prince or Ammit. Being guided by a guiding power, he is on a journey to discover the resting place of King Keflaj and the gold treasure and to prevent the Tarnished Prince from ever attaining these goals. STORY The new story is a game-within-a-game. The basic premise of the story is the same as the original story. However, in this sequel, the characters and the audience become increasingly engaged in the game, to the point that their stories come to intertwine. The first part of the story is Tarnished Prince: The Adventure of Keflaj (Episode 1). Keflaj was once the strongest ruler in the Lands Between. When the Tarnished Prince took over, Keflaj was one of Ammit's slaves. However, Keflaj received the power to wield the healing god Asclepius, and Asclepius became his weapon. The second part of the story is the game, Tarnished

"" It was a quite emotional letdown for me, since I expected too much from this game. It also breaks one of the fundamental rules of RPG's, an epic story that is told across multiple different mediums (RPG, story, forums, etc.), and breaks it. This game is simultaneously a great RPG, yet also it's own RPG. " Elena, Spanish Forums: "" A good class system, but can't find anything to improve regarding it. Although there are no micro transactions, I could easily say it's a dungeon crawl RPG." Mack, Russian Forum: "" Holy crap! I am totally blown away by this game! It's so fun and unique and addicting. I love it! Probably the most fun I've had with an RPG in years!"
