Ted Cruz's super PAC during last night's GOP debate, "in case you missed it." The ad featured a female narrator expressing her anxieties about Cruz's eligibility to run for president. The ad "was a massive success," declared the Daily Caller, which reported that "RNC budget sources tell us that Cruz ad campaign has spent over \$250,000 on TV and radio ads." Right-wing media's claim that the ad was a "huge success" is based on an inaccurate accounting of the ad's purpose and its overall impact.Battletech is a game of attrition: if you lose, you lose two cores and cannot warp for a while. The best way to win is to use your strengths to grind out the enemy. This brings us to the few advantages that the Mechwarrior have over their opponents. Speed While most of your mechs have roughly the same raw stats, nearly every Mechwarrior has a boost that allows them to close the gap faster. This means their plasmasphere shots go down the barrel first, and projectiles are focused on specific targets. Skelly Centaur The Centaur is the fastest of the quick mechs, and can only be affected by two things. The first is an instakill mark, and the second is a direct hit to a single subsystem. This makes the Centaur a challenge to control, as you can get a double-dread damage roll where the enemy will either gain a quick kill, or lose the ability to move. Hammerhead The Hammerhead also has an advantage in speed. It is the only mech with the ability to go c6a93da74d
